Nomination & Voting Procedures

- Prospective candidates should fill out a (HOF) Nomination Application (Can be found on the HOF web site) along with a short bio sheet as described on the HOF web site under Players Track, Management Track, & Special Award Track. These two forms along with a picture should be sent to the President of the Hall of Fame. He will then assign it to the proper track chairman's.
- Each Track committee chairman will review all the applications and will select those applicants who fit the criteria set forth by the Board of Directors of the HOF. **Applications received after August 1st will put into the review case and will not be eligible for induction until the following year.** A list will then be presented to the Board of Directors for review. A list of no more than ten candidates will be select for placement on the HOF ballot **(Players Track and Management Tracks Only)** for the upcoming year. Veterans and all Special Awards are sent to their respected committee.
- Each Track committee chairman will then take the list back to his or her committee for a vote. The voting members of the committee will then use a ranking system to determine the committees top two, three or four candidates who they feel should be inducted into the HOF. The ranking system works as follows: The number of names on the ballot will determine the highest points that can be given to the first choice, (10 points) then the second choice would then receive the second highest point total (9 points) and so on. If the number of candidates is less than 10 then the highest point would be the same number as the total candidates on the ballot for that Track. (Example, if there was 7 candidates the 7 points would be award to the highest vote getter.)

- The track committee vote will count for **40%** of the vote total.
- The votes for each track will be tallied and the results will be sent or brought to the President of the HOF before the next board meeting. Only the final tallies will be sent. None of the individual voting member's votes will be shared.
- The President will collect all the mailed in votes and all the internet votes and tally them for review by the entire board. All of these votes will carry the weight of **10%** of the total overall vote.
- Ballots from any former inductees of the Hall of Famer will be counted separately. All of these votes will carry the weight of **15%** of the total overall vote.
- The President will bring to the Board meeting all the votes and tallies from both the track chairs and the public vote. The Board will review all the totals and will add their input into the selection of the candidates. The Boards vote will carry the weight of **35% of the final vote to make the total of 100%. A Candidate must receive more the 74% of the vote to be considered.**
- Once both the Board of Directors and the Track Committee's along with the past inductees and the public vote is considered the final selection of the candidates for this year's HOF inductees will be made. **All results will be final and that candidate will be removed from any future HOF awards or honors.**
- The HOF President will then notify the new inductees and any Special Award winners of their selection into the Chicago 16 Inch Softball Hall of Fame.

Special Awards

Franck C. Holan Award

Frank C. Holan was a long time manager to many of the great teams in our game. He was always striving to promote the game and to make it the very best game in the world. Frank dedicated his life to 16" Softball.

Holan Award - This award is given in his honor to an individual who has demonstrated over the years his or her passion and love for the game not as a player, spectator, coach, scorekeeper, planner, or someone who promotes the game from a spot not always noticed.

Richard J. Daley Award

Richard J. Daley served a mayor of the City of Chicago for over 25 years and was a big fan of 16" softball. Mayor Daley felt 16" softball was a major part of the makeup of this great city and to help promote it throughout the city.

Daley Award - This award is given in his honor to an individual who has demonstrated over the years his or her passion and love for the game not as a player, sponsor, business owner, politician or a leader in the community. Through their passion they have helped advance the game of 16" softball.

Wall of Fame

The Wall of Fame Award was designed to honor those in the game who may not have had the opportunity to play at the major level or to win any ASA, SSA or USSSA national tournaments but yet still plays for the pure love of the game. These individuals, many of whom may have played their entire careers in local parks with friends and families but yet have a love for the game that demonstrates the true passion for the game. **Must be 60 years of age or older. 50 Years or older for the women. Played or been involved in 16 inch softball for a minimum of 20 years and considered a good teammate, strong competitor and a staunch advocate of the game.**

Field of Dreams Award

This award was designed to honor those parks, park districts, and recreation departments who have over the **past 125 years** provided the players quality fields and leagues to play our great game. Without the parks and their fields, leagues and tournaments we would not have the game.

Team Honors

Each year the Hall of Fame will **Honor** a number of teams who have demonstrated over the years their love of the game through great play on the diamond, and a great commitment to the game through their longevity as a team. Teams have had to show a great passion for our game and through this passion they promote the game itself. A Team must have been together a minimum of 10 years with its basic core of players. **This a Team Honor and not an induction into the Hall of Fame.**

Presidential Service Award

From time to time the Board of Directors of the Hall of Fame will award a special award to an individual or organization that over the past year has gone far and beyond what is expected to help the Hall of Fame in its efforts to promote the game and the Hall of Fame. This award is not an award that will be presented on a yearly basis but on a need basis only.
